## Lounge Area:

- Tables in the upper lounge are set such that you can sit 4 people or 8 people as per the guidelines for restaurants. The tables can be moved but you must ensure that there is at least 6 feet between the people sitting at the next table. The tables will be sanitized after each use, and we are asking the last person to leave the table to wipe down the chairs. Sanitizer is provided at each table.
- Protective glass has been installed at the bar. Line up at the bar in the normal manner, maintaining social distancing. You can pay by cash, credit or debit.

- Bar staff are not required to wear a mask when behind the glass partition at the bar and working alone. Bar staff must wear a mask when leaving the area behind the glass partition.
- We are a volunteer driven club so all members will be accountable for sanitizing, protocol awareness and enforcement. It's up to each of us to ensure that we follow these protocols, let's have fun doing it.
